

All EMW Soccer Families and Friends –

The board has decided to remove any late fees for this year. That means you can register up to August 26th (Wed) without an extra fee. So, feel free to register your player. Disregard any website info on late fees. Just pay the regular amount (K-pints at \$60; all other divisions at \$70; family max at \$170).

NOW FOR THE BIG NEWS:

It looks like we will be having a season. Our plan this year is simple. If by August 1st, NYS and our state soccer board approves the fall sports season (whatever it will look like), our season will start! Team building and training may start a little later and then the players will take the fields in the beginning of September! Our goal is to get the players outside on the grass and having safe fun with their friends.

If by August 1st we get the “NO GO”, we will be able to reimburse your registration fees and will begin planning for the 2021 season. There may be some field clinics and “playdates” (same age field work / scrimmages etc.) during the September and October months... but that will be determined later.

Finally, for those who we know may have a tight status at home. we have had a few families willing to pay for a non-family member player (THANK YOU). I love this community!!! I am personally setting this up for those who ARE in true need and with the board’s guidance use that “support” payment to its best benefit. I know you understand and hope you may consider helping also!

Be safe and laugh a lot!

Bob Schmidle and the EMW Soccer Board
